*held on 15th January 2009 at 7.30 pm at
the Bishops Cleeve Parish Council Offices*

Minutes

Chairs' opening remarks and welcome:

The Chair spoke of the Official opening last Friday and of the Public Open Day yesterday. 59 visitors had attended the open day. It was noted that 5 Councillors came to help out. Layout and organisation of room to be discussed under any other business at the end of the meeting.

Public Session

Mr and Mrs Fyer reported that the flooding problem in old stoke road still has not been cleared. Cllr Jones replied that it had been cleared but further investigation may be required.

It was noted that on Christmas Eve Grundon's had announced their public exhibition on 30th and 31st January. Public to be invited on 31st. The 30th afternoon allocated for VIP's: It was questioned if anyone had been invited from Parish Council? It was noted the short notice and lack of info from Grundon's

Visiting Speakers from Gloucestershire Constabulary Paula Jones and Richard Bradley and Samantha Gibbs.

Richard spoke as project manager PFI.2 – (Private finance initiative)

He spoke of the inaccuracies of press articles published in 2008 press articles.

The Facts were presented as Cheltenham Police Station – town centre station site was hoping to move as part of civic pride initiative to Portland Street car park. The Divisional hq's will move to Bishops Cleeve site. BC village police station will stay on its present site.

4 years ago initial plans were brought to BCPC. Since then Lansdown Road site has been recognized as not fit for purpose and Bearlands in Gloucester must be vacated re the re-development of Greyfriars area. This has developed into PFI 2. (Source of funding for public bodies). In Dec 2007 the project came back on board. Project funding by HM Treasury allowing identification of contractor and banking finance and operator of building

Divisional HQ will have open plan accommodation for approx 160 staff, 30 cell custody suite and IT and control room fallback centre. Time line opening Spring 2013. Further information will be disseminated during the course of the project. Very unlikely for response vehicles to come from divisional hq. Serious offenders would not be released from hq.

A Question and Answer session followed

Cllr Badham: Why will it take four years (PB) and is BC station fit for purpose

*Ans. consortium process will take 18months. (based on European guidelines)
BC station is not part of this project and is part of estate strategy.*

Cllr Jones – Would it be possible to renegotiate other sites for bc station and traffic issues are continuing to grow with each new development, how many traffic movements daily would be expected.

Ans: Planning applic June 2010 would include traffic assessment work.

Employees could generate up to 200 movements per day. Very aware of current parking issues in the area.

Cllr Taylor – how are you going to communicate with local communities.

Ans – public meeting in the next few months would be recommended

Cllr Taylor- The area is subject to lazy and inconsiderate parking already and on site parking is very necessary

Ans – Site is large enough to take all generated parking. Planning regs dictate number allowed. But would hope for operational reasons they could put a case for larger number.

Cllr Taylor noted that there was documented evidence of people leaving lansdown road and then taking part in crimes.

Ans – Very small percentage of people leaving custody cause trouble. External organization will be running police cells and negotiations will take place as to procedure for releasing of prisoners.

Cllr Lawrence sought clarification on place of central Cheltenham police station.

Ans- proposal is for Portland street, but other sites will looked at if necessary. In principal agreement signed for civic pride development.

Cllr Lawrence – will town centre police station hold Saturday night custody people.

Ans – custody suite will be divisional hq. so people will be held at BC.

Cllr Ayres – Will dog handlers etc be transferred to BC

Ans – no they will stay at present site.

8. Matters arising from those minutes for information purposes only

Cllr Rawlings; Budget matters as reported in minutes from last meeting. the statement regarding process was known to be true. Budget was agreed and no amendments were made and no one voted against it. On weekend of 12th December a resident expressed concern to Cllr Rawlings following a local newspaper article. A member of the parish council was quoted as saying that the Parish Council was playing fast and loose with the parishioners' money. Whilst Councillors understands the shortcoming of the press it was noted that Councillor was quoted and had spoken to the reporter. Cllr Rawlings found it a personal insult and felt it was a gratuitous remark made for personal embellishment. The Councillor in question is a borough councilor, the borough Council which has made the parish make these decisions in the best interests of the parish. Cllr Rawlings took great exception and feels that the Councillor owes this parish council an apology. Cllr Rawlings had brought this matter to the attention of the council as he felt very strongly in this case.

Cllr P Lightfoot – Noted that Councillors' had had two months to make comments and to raise questions.

Cllr Richmond – did not wish to make comment.

Cllr Richmond stated that he did not say those things

Cllr Taylor made the observation that Cllr Richmond had been speaking to the press in the corridor after the Parish Council meeting

Cllr Taylor sought clarity that cllr Richmond did not believe the council was running fast and loose with the council taxpayers money as Cllr Richmond's comments has a

detrimental effect on staff moral at a time when a new member of staff has only recently joined and at a critical time for the staff.

Cllr Richmond stated that he had nothing further to add

Cllr Jones thanked the committee for the proposed Bishops Drive seat replacement.

Cllr Badham – raised the issue of recycling bins location. Cllr Taylor gave update of meeting with lead officers of TBC. Less combustible items to be moved closer to fence.

The igloos are designed to be arson resistant. The new office building is designed to cope with a fire and meets all statutory building regulations. Risk assessment has been done by TBC and the risk has been minimized and TBC will be writing to the concerned gentleman.

Cllr Badham asked if there was another site that the recycling could go to.

Cllr Taylor reported that Tesco would like it relocated. TBC are looking at alternatives but any move would have a detrimental effect on recycling levels. And that TBC had taken all comments on board.

Cllr P Lightfoot noted that additional fencing has been installed for security purposes

10. Financial reports as per supporting papers were agreed by Council including Year to date figures noted by Council

Authorisation of payment schedule approved by Council

Formal resolution agreed to appoint Mr Iain Selkirk as independent internal auditor

11. Clerks report noted as per supporting papers

12. S137 funding requests - SWARD requested £110 to pay for a mini-bus to shuttle parishioners to and from Grundon exhibition (cllr Taylor withdrew from meeting) It was agreed that the Council should

write and express its disappointment that public money has to be used to facilitate public consultation and that the Parish Council have not had formal invitations. The lack of publicity for general public was also noted. BCPC representatives on the liason group have not been invited but would like to be able to attend.

All agreed to make a donation in the sum of £110 to SWARD and to write to Grundons as above.

Minutes of a Meeting of the General Purposes Committee held on 13th January 2009

Present: Cllrs A Lightfoot, (Chair) P Rawlings, J Habgood, P Taylor

Apologies: Cllrs J Peake, P Lightfoot

Minutes of Previous Meeting: Agreed with the amendment at point 8(b) to add “Emptying of” at beginning of line.

Updates Newsletter: – Cllrs said they were not aware of receiving latest edition. Clerk to investigate delivery schedule. Sub Cttee to meet at end of January with a distribution date at end of March. Possible subjects Precept explanation, traffic, allotments, new office facilities, new staff member picture, dog bags.

Fair Trade Village – Chair agreed to follow up.

Logo – After discussion Cttee agreed that logo should go back to school with the following observations:-

BC - to be kept. Hills to be reduced to reflect local outline (?2) , “Bishops Cleeve” to be turned up other way, Buildings reflect, Church and office. Logo simplified if possible. Also, to be asked if he can produce a logo using just the BC and the title. It may be that we use a basic one for letters and another for other occasions but based on general theme.

Request for dog bin at Highgrove: To be further investigated. Cllrs believed there were several bins in the vicinity but felt they could never solve the problem of people not using bins for their dogs waste products.

Replacement Seat at Bishops Drive: After enquiries it could not be established who had removed this seat. Agreed replacement. Design with arms and in green at cost of £439. Cllr Rawlings suggested that the seat be printed with “Bishops Cleeve Parish Council” to indicate that we had funded it.

No other business. Next meeting to follow usual cycle.
